

Lloyd District Community Association

2012 Membership Profile and Application

What is the LDCA?

The Lloyd District Community Association (LDCA) is the business and neighborhood association serving both businesses and residents located between the Willamette River and NE 16th and between Broadway and I-84. All businesses and residents are potential members.

Why should I join LDCA ... What is the benefit for me or my company?

- Membership enables the LDCA to keep you informed on all Lloyd District, City and Regional public and business affairs.
- Through the LDCA, we provide you with professional representation, pro-active participation, and a forum for voicing opinions, concerns, and suggestions related to all relevant issues.
- We use membership dues as support to accomplish our goals, pay for administrative expenses, further fundraising and grant opportunities, hold District events, and support our Community Fund and administrative expenses. Your support through membership is critical to the success of the Association. ***Please join us.***
